Entering cheat codes can increase your game experience, increase your luck when gambling, or give you additional cash to spend on the items in the game. Pokemon Emerald is a video game by Game Freak for Game Boy Advance. The gameplay features over 600 different Pokemon to catch. All of them are in the original Generation I style. You start the game by choosing between Blue and Yellow for the color of your protagonist. Then you can travel the world by starting off at a random location and getting a random Pokemon at the end of the day. After you've caught a Pokemon, you can enter it into the local Pokemon Center to trade it with a friend. Pokemon Emerald has the biggest collection of Pokemon ever. This is why it's so hard to complete. [Pokemon Emerald GBA Guide News Cheats Hints Videos Q&A Screens Who's Playing ActionReplay GameShark](#).
