Oct 24, 2017 - Go to User Settings &#x2122;, click the Computer icon, and check the hardware and software version in the VCM II section. Select "Start New Session" and click... October 25, 2017 - If you have previously started a session on a Windows device, you will see the following message. If you have started a new session, you will see the following message. If you have selected "Start a new session" and do not see the message, then you have started a session without a cookie. October 26, 2017 - If you have the ITSM service installed, right-click the icon in the taskbar and select "Start Session". If you don't have an ITSM service, then first delete the session and install the Service Host.
