Loud House 3-in-1: There will be chaos, there will be more chaos and live loud! Paperback - January 22, 2019; Reading age. 5-11 years; Print length. 26 cm; Price. \$7.95 at Amazon.com. I started reading this book when I was about 10 years old. I read it before bed for several years. It is surprising! I cannot understand how this book has been published for so many years. This should be on the list of books to buy before age 10. This is a beautifully written book. It doesn't matter that I'm already an adult, but I still love her. I just love this story. When I read it every day, I feel a little better.
