

Keep Your Little One Close to You with Anti-lost Safety Wrist Link

In the malls and markets, a huge crowd sometimes easily sweeps the child away from you leaving no signs. Every parent knows what it looks like to lose sight of the child, even for a second. Naughty and energetic children are more likely to disappear to enjoy their favorite place. Now it is the time to say goodbye to this predicted situation with [Anti-lost Safety Wrist Link](#).

These are attractive yet effective adjustable wrist bands attached to your child's hand wrist with Velcro straps. The addition of an extra thick steel cord ensures that they will be by your side even in the dense crowd.

These wrist links are convenient to use. All you need to do is to connect the band to adults' or kids' hands. The shrinking chain can extend to 59 inches, so they will not be able to run more than 5 feet from you. The links are thoughtfully designed to keep it comfortable and worthy.

Soft double layers of hook and loop for kids are robust and technically designed so kids cannot take off quickly. The size of the wrist strap can be adjusted according to your need. The addition of a soft sponge pad in the wrist strap makes it highly comfortable to wear for every child.

The connecting rope has stainless steel production, which is wrapped with plastic. Do not worry; this safety harness cannot be cut off by a knife.

Get these anti-lost links to keep your little one in front of your eyes while giving independence for indoor and outdoor play. These wrist links are ideal to use at parks, malls, and crowded stores.
