

Dancing Fish Catnip Kicker Toy – A Perfect Gift for Your Pet Cat

In this busy world, most of us seldom find time to play with pets; sometimes, we are too tired to cuddle and throw balls for them. Are you going through the same? PRODUCTS GROW's [Dancing Fish Catnip Kicker Toy](#) has got you covered! It's an ideal gift for your cat friend to keep it busy and intrigued for hours.

Built-in Motion Detector

It's 11.8 inches long moveable fish toy, weighing 3.88 ounces. The built-in motion detector enables the fishy to flop with life-like movements just as the cat comes near or touches it. Motion sensors can also sense your cat's behavior and operate accordingly. If your kitty moves slowly, the fish will react at a slow pace, and vice versa.

Hidden Velcro Pockets for Keeping Treats

Is your pet cat not attracted by the fish? Don't worry! Fill in the hidden Velcro pockets with cat food for extra fun and witness the bewilderment of your pet!

Easily Rechargeable

It comes with a built-in lithium battery that can be recharged using a mere USB charging cord. Not only this, it's bite-resistant, safe, and non-toxic too.

Easy to Wash

The Dancing Fish Catnip Kicker Toy is carefully crafted with polypropylene cotton to enable easy washing. Remove the battery and sensor packs, wash the toy, air dry it, reinsert the stuff, and that's it!

Ideal Buddy for Your Kitty

It's an ideal gift for your pets that will keep them busy while you can rest or do some other work. See your cat going crazy for a life-like fishy, having lots of fun, and enjoy!

Wrapping Up

What are you waiting for? Get your kitty's best friend, Dancing Fish Catnip Kicker Toy, now and be worriless for a while.
