

Laptop & Phone Holder Stand – Have Your Devices Next to You Always

Not being able to adjust the height of your laptop will cause you to hunch over to read a text on the screen. If you find yourself acquiring uncomfortable postures while using your laptop or cellular device, it may be wise to invest in a device holder. [The Laptop and Phone Holder Stand](#) is unlike any other as it provides maximum usability. This gadget has phone bracket adjustment to ensure all your devices are at arm's length.

Convenience on Demand

If you're exhausted from holding your phone while bingeing TV shows, your troubles are about to end. The Laptop & Phone Holder Stand will keep your device in place and do most of the work while you relax and enjoy the movie. The holder can perfectly accommodate laptops and other devices with a size between 10" and 15.6".

Sturdy and Portable

Whether for hosting online meetings on the go or checking e-mails at the nearby café, this nifty gadget will stick by you. You can take it along anywhere as it boasts a compact size measuring 10.62" x 6.69" x 0.78" when unfolded. Whereas, when folded, the measurements reduce to 10.62" x 2.36" x 0.39". Moreover, this holder is made from the best ABS plastic to ensure maximum durability. Plus, the rubber on the bottom helps this gadget stand firmly on any surface.

Adjust to Your Eye Level

With the Laptop & Phone Holder Stand, you can tilt your laptop's position according to your comfort. It comes with a 360-degree rotation at the bottom which is super easy to use. Furthermore, its hollow design will keep your devices cool and prevent overheating. This gadget is perfect for interruption-free movies, meetings, and gaming sessions.
