

# Cool Creepy iPhone 14 Case – Spooky and Stylish

Every time a new iPhone is released, fans storm toward Apple Stores and wait in a long line to get their hand on the new iPhone. Recently, Apple has stopped giving chargers or cases in their boxes, which has increased the demand for cases all around the world.

If you have also recently bought an iPhone 14 and want to buy a stylish case, you can give this [Cool Creepy iPhone 14 Case](#) a try.

## Flexible and Anti-Slip Bezels

People have always had problems with the back and bezels of iPhones as they are quite slippery and smooth, which oftentimes leads to the phone slipping out of hand.

If you get the Cool Creepy iPhone 14 Case, you will no longer have to face these problems as the bezels are made from anti-slip rubber and are also raised around 1mm to protect the screen from fall damage.

## Cool Design

The most prominent feature of this phone is the design on its back. If Halloween is around the corner, you can gift this case to your friends who have an iPhone 14 and enjoy Halloween with them.

## Top-Notch Materials

The Cool Creepy iPhone 14 Case is made with high-quality materials and provides protection against scratches and minor bumps. The bezels wrapped around the phone feature precise cutouts that make the side buttons easily accessible while protecting the phone from any kind of fall damage.

The inside of this phone is made with soft material, which provides damping and also absorbs shocks.
