

# Voodoo Design Sippy Cup – A Handy Vessel for Hydration Needs

Chasing your little one around the house and in the playground to ensure his water intake is fulfilled can be tiresome. Investing in this sippy cup can save you tons of labor and time. The [Kawaii Baby Sippy Cup](#) will keep your baby hydrated on the go. It features a super adorable voodoo design that your kid will love. This cup will keep your kid's hydration level in check at home or on the go.

## Features a Unique Design

Before heading out of the house, fill the sippy cup with your preferred drink, and the screw-on cover will prevent any spillage. Hence, this product is convenient to carry with you outdoors. Apart from avoiding messes, the Voodoo Design Sippy Cup boasts an easy-to-grasp ergonomic design which is ideal for toddlers.

## Composed of Baby-Friendly Materials

This Graphic Sippy Cup is made of 304 stainless steel and is leak-proof. It also features a double wall design to optimize the temperature of your drinks by keeping them hot or cold. It boasts a generous space, allowing users to fill 12 oz. of liquid quickly. You can rest assured that it is made from toxin-free materials, so your little one will stay safe.

## Ease of Use

If you're looking for a product that makes the transition from bottle feeding to cup easier, this sippy cup is the answer. It features a raised spout that ensures ease and safety while drinking. The package comes with a gentle, leak-proof spout to assist newborns in learning how to sip from a cup while also being kind to their gums.
